Who's ahead in Wisconsin?

An updating average of 2020 presidential general election polls, accounting for each poll's quality, sample size and recency

Polling averages are adjusted based on state and national polls, which means candidates' averages can shift even if no new polls have been added to this page. [Read more about the methodology.](#)

Show more polls

Polls conducted after June 28, 2018, the date this page was published, are listed by the date that FiveThirtyEight collected them; polls conducted before then are listed under the last date that the poll was in the field. Polls from firms that are [banned by FiveThirtyEight](#) are not shown. Pollsters that did not release any horse-race polls within three weeks of an election since 1998 do not have a grade and are treated as a C+ by the grade filter.

* Polls marked with an asterisk are partisan polls. Partisanship is determined by who sponsors the poll, rather than who conducts it. Polls are considered partisan if they're conducted on behalf of a candidate, party, campaign committee, or PAC, super PAC, 501(c)(4), 501(c)(5) or 501(c)(6) organization that conducts a large majority of its political activity on behalf of one political party.

When the dates of tracking polls from the same pollster overlap, only the most recent version is shown.
